# YOUR EVERYDAY UNIFORM SOLUTION

In 2024, Fashion Biz celebrates its 35th year as a trusted brand for uniforms, promotional garments, teamwear and workwear delivering high standards on style, comfort, performance and affordability. We are just as passionate today as we were in 1989 and still energised by the ever-changing needs and demands of the workplace for garments that are modern, functional and to offer more sustainable fibres.

Biz Collection sees the launch of a number of new styles that embody our BIZ ECO™ philosophy and reflects the evolution of garment requirements for both the uniform and promotional space. New BIZ ECO™ Polos include Orbit, Grid and Echo and offer options for a variety of industry applications, as well as adding a long sleeve version to our popular BIZ ECO™ Action Polo.

The new Soul Shirt also offers a BIZ ECO™ option in an on trend casual shirt. From commute to boardroom, the BIZ ECO™ Venture 4-way Stretch Performance Pant may be the hero of the launch, coupled with addition of two functional BIZ TECH™ waterproof BIZ ECO™ jackets. Both waterproof 10,000mm Tempest Hooded Parka and Sphere Extra-long Quilted Jacket ensure Fashion Biz's market leading jacket offering.

As we continue to develop our popular YES!CHEF range, additions include the Gusto Mid-weight Cotton Chef Jacket, the Saffron Flex Slim Pant, and Cajun Chef Jogger Pant, perfectly complementing a busy chef's uniform. Our new Clout authentic washed denim look apron is sure to impress all front house clients.

When you choose a Fashion Biz garment, you can be confident it comes with decades of expertise in its development by a company that has a passion for creating functional, modern apparel for people who require an everyday uniform solution.

# SIZE GUIDE

## BODY MEASUREMENT GUIDE

Fashion Biz apparel sizes are designed to fit average industry standards for the below body measurements. Please use this handy Body Measurement Guide to compare your own measurements and help you determine which size to order.

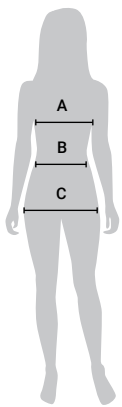

## GARMENT TO GARMENT COMPARISON

An alternate method is to compare your own garment size to ours. You can do this by measuring the ½ chest of your garment (laid flat, measured 0.5in below the sleeve join, from side seam to side seam) and compare it to ours. Please refer to the individual garment measurements, shown on each style page, to determine your garment to garment size comparison.

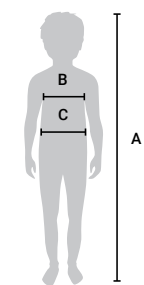

- A. NECK** Measure around the middle of your neck at collar level, keeping the tape loose to make allowance for comfort.
- B. CHEST** Measure under your arms and across shoulder blades, around the fullest part of your chest. Hold one finger between body and tape.
- C. WAIST** Measure around your natural waistline while holding one finger between body and tape, at the position your pants would normally sit.

- A. BUST** Measure under your arms and across shoulder blades, around the fullest part of your bust. Hold one finger between body and tape.
- B. WAIST** Measure around your natural waistline while holding one finger between body and tape. This is the smallest part of your waist.
- C. HIP** Measure around fullest part of your hips while standing naturally.
